@davidmdavis thanks!!!! #TechFieldDay

09-Apr-10 22:54 | dgourlay

Thanks for a great session guys --I'll send the decks out shortly #techfieldday

09-Apr-10 22:53 | omarsultan

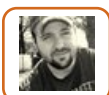

Monday April 12th at 3PM EST is a chance to get a walkthrough of the products shown at #TechFieldDAY. Sign up here: <http://bit.ly/ci34U2>

09-Apr-10 22:41 | VKernel

@edsai Very good of you to present, Ed. #techfieldday

09-Apr-10 22:12 | johnobeto

RT @edsai: Done presenting at #techfieldday VCE discussion. Really enjoyed the opportunity. Wasn't easy.

09-Apr-10 22:09 | lynxbat

Thanks to everyone watching today's live streams from #TechFieldDay - hope you enjoyed being part of it. Have a good weekend!

09-Apr-10 21:35 | Kiwi_Si

@vStewed Sure thing - done.. Lots of side chatter going post-session. #techfieldday

09-Apr-10 21:32 | Kiwi_Si

RT @SFoskett: @Knieriemen are you guys in the same room at #techfieldday tweeting back and forth? :) <http://myloc.me/5PfYJ>

09-Apr-10 21:30 | davidchapa

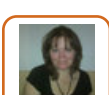

someone please tell the guys near the mics at #techfieldday that they are speaking over the presenter

09-Apr-10 21:29 | vStewed

Could all the #TechFieldDay guys please flash me right now? Thank you.

09-Apr-10 21:26 | B_renda

Wish I could have seen it! Can't wait to hear abt it! RT @edsai: Done presenting at #techfieldday VCE discussion.

09-Apr-10 21:25 | gminks

RT @treylayton: @sakacc #techfieldday Is RSA for vBlock required, suggested, recommended or optional? < optional

09-Apr-10 21:24 | chuckhollis

@sakacc #techfieldday I do have concerns that you are so secretive around "EMC recommendations" Please help all of us understand.

09-Apr-10 21:24 | vStewed

Big takeaway for me from #techfieldday VBlock discussion today is questions are more people focused, less tech focused- <http://bit.ly/cy2oFN>

09-Apr-10 21:24 | bgracely

Wonders if the next #TechFieldDay should include a UFC style cage for EMC/HP/NetApp - @Kiwi_si you could prob do Pay Per View Streams then:)

09-Apr-10 21:24 | vinf_net

@StorageNerve @iCoolen My pleasure - glad others could be part of this great session & discussion! :)
#TechFieldDay

09-Apr-10 21:21 | Kiwi_Si

@sakacc #techfieldday, chad you are avoiding again. Stop speaking as if you have authority and please inform, by sharing clear concise info

09-Apr-10 21:20 | vStewed

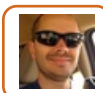

RT @Kiwi_Si: Awesome session on Vblocks with @edsai and @scott_lowe at #TechFieldDay ! <-- best session of #TechFieldDay !

09-Apr-10 21:20 | davidmdavis

RT @edsai: Done presenting at #techfieldday VCE discussion. Really enjoyed the opportunity. Wasn't easy. <-think you did great!

09-Apr-10 21:20 | sakacc

RT @bgracely: @Scott_Lowe @edsai - Nice work on the VCE VBlock presentation at #techfieldday. Open discussions lead to better solutions.

09-Apr-10 21:20 | juicelsu009

RT @Texiwill: #techfieldday @sakacc I would like to get my hands on UIM ... @Scott_Lowe <-- me too, I'd like to try UIM

09-Apr-10 21:20 | davidmdavis

@treylayton #techfieldday UIM, like the NS-G8, is a recommended, but not required. "Required" is the bar for being a Vblock by definition.

09-Apr-10 21:20 | sakacc

@edsai - nice job on the #techfieldday preso - went very well

09-Apr-10 21:19 | vStewed

RT @chuckhollis: #techfieldday congrats to all, a very spirited discussion! <- Indeed!

09-Apr-10 21:19 | BasRaayman

Done presenting at #techfieldday VCE discussion. Really enjoyed the opportunity. Wasn't easy.

09-Apr-10 21:18 | edsai

Awesome session on Vblocks with @edsai and @scott_lowe at #TechFieldDay !!

09-Apr-10 21:18 | Kiwi_Si

@sakacc: #techfieldday is UIM required, suggested or included?

09-Apr-10 21:17 | treylayton

EMC Vblocks... stop focusing on the Amazons and Oracles. There are other customers. #techfieldday

09-Apr-10 21:17 | scottlowe

All the great thanks to Mr. Simon, @Kiwi_Si for covering #techfieldday and making the rest of the industry plugged in...through live VIDEO

09-Apr-10 21:17 | storagenerve

@Scott_Lowe @edsai - Nice work on the VCE VBlock presentation at #techfieldday. Open discussions lead to better solutions.

09-Apr-10 21:17 | bgracely

@sakacc Please clarify your tweet, Celerra is recommended to run VMs on with vblocks 1&2? #techfieldday @scottlowe 's comments contradict

09-Apr-10 21:15 | vStewed

RT @vStewed: #techfieldday @scottlowe 's comments contradict claims that Celerra in vblock <snip> <-Celerra is recommended, not required.

09-Apr-10 21:13 | sakacc

RT @Texiwill: #techfieldday @sakacc I would like to get my hands on UIM ... @Scott_Lowe <-pushing to get it posted.

09-Apr-10 21:12 | sakacc

#techfieldday @scottlowe @sakacc - provide a clearly defined statement on running VMs on Celerra w vblocks 1&2. This the preferred method?

09-Apr-10 21:12 | vStewed

#techfieldday @sakacc I would like to get my hands on UIM ... @Scott_Lowe

09-Apr-10 21:12 | Texiwill

@jasonboche You are a lemming! #techfieldday

09-Apr-10 21:12 | sfoskett

RT @jasonboche: It's possible @sakacc raised @scott_lowe from birth. Great preso, most exciting! or I'm a lemming #techfieldday

09-Apr-10 21:11 | omarsultan

RT @jasonboche: It's possible @sakacc raised @scott_lowe from birth. Great preso, most exciting! or I'm a lemming #techfieldday

09-Apr-10 21:11 | davidmdavis

RT @vStewed:#techfieldday @scott_lowe just stated Celerra NAS is not part of a vblock but can be added for NAS access by users or templates.

09-Apr-10 21:11 | scottlowe

#techfieldday @scottlowe 's comments contradict @sakacc 's claims that Celerra is a platform for hosting or running VMs with vblocks 1 & 2

09-Apr-10 21:10 | vStewed

It's possible @sakacc raised @scott_lowe from birth. Great preso, most exciting! or I'm a lemming #techfieldday

09-Apr-10 21:10 | jasonboche

#techfieldday @scottlowe just stated Celerra NAS is not part of a vblock but can be added for NAS access by users or templates.

09-Apr-10 21:10 | vStewed

Today has been just so awesome, #techfieldday....

09-Apr-10 21:10 | storagenerve

@SimonLong_ @chuckhollis @BasRaayman #techfieldday I can try to live stream it..... EMCWorld or VMworld? Which would be best?

09-Apr-10 21:10 | Texiwill

RT @BasRaayman: RT @chuckhollis: #techfieldday Sungard announced a production customer on vBlock in press release, one of many. <Yep :)

09-Apr-10 21:09 | eprich

RT @Texiwill: #techfieldday VCE vBlock still needs a Unified Security model which does not really exist... >>more to come in the future..

09-Apr-10 21:03 | dguyadeen

Anyone got any questions on vBlock that I can ask for you ? I think I can torture them a bit more before they break. #TechFieldDay

09-Apr-10 21:03 | etherealmind

#techfieldday VCE vBlock still needs a Unified Security model which does not really exist.... DLP is one thing... TPM another.... Stack?

09-Apr-10 21:02 | Texiwill

#TechFieldDay - "Which customers are using vBlock today", "What was my answer?" causing big laughs.

09-Apr-10 21:02 | BasRaayman

@dguyadeen #Vblock #VCE #TechFieldDay You da man.. Wish I was there to meet with these folks.

09-Apr-10 21:01 | mikefoley

RT @etherealmind: @omarsultan Omar, please send the slides for today's Cisco & EMC presentation (thx!) #techfieldday +1 thanks

09-Apr-10 20:59 | Kiwi_Si

RT @davidmdavis: RT @Kiwi_Si: Sitting watching @scott_lowe whilst sitting next to @scottdlowe - not the sort of thing that happens everyday :) #TechFieldDay

09-Apr-10 20:59 | saintclh

@omarsultan Omar, please don't forget to please send the slides for today's Cisco & EMC presentation (thx!) #techfieldday

09-Apr-10 20:57 | etherealmind

RT @StorageMojo: After a 3 hour presentation on Cisco's UCS & VCE coalition I'm as mystified as ever. Some advantages for total lock-in. #techfieldday

09-Apr-10 20:56 | johnobeto

#techfieldday Add in RSA DLP and there is some very cool stuff.... But still a demo (last I checked) traditional DLP mechanism will work.

09-Apr-10 20:55 | Texiwill

@omarsultan Omar, please don't forget to please send the slides for today's Cisco & EMC presentation (thx!) #techfieldday

09-Apr-10 20:55 | davidmdavis

RT @sfoskett: Key storage component for vBlock -10: Add Dell server, but which Cisco switch is cheap? #TechFieldDay Just go Dell switch!

09-Apr-10 20:55 | scottdlowe

RSA enVision supports monitoring events in every component in the #Vblock more here >><http://bit.ly/9JcbI9> #VCE #TechFieldDay

09-Apr-10 20:54 | dguyadeen

Interesting, if you have a vBlock, you go to <http://www.vcesupport.com> to submit a support request (or call an 800#) #TechFieldDay #EMC

09-Apr-10 20:54 | davidmdavis

#techfieldday VERY VERY VERY interesting stuff...TPM Integrity ofHypervisor, TXT integrity of VM...

09-Apr-10 20:54 | Texiwill

RT @StorageMojo: After a 3 hour pres on VCE coalition I'm as mystified as ever. Some advantages for total lock-in. #techfieldday

09-Apr-10 20:50 | treylayton

RT @Kiwi_Si: Anyone else having audio problems with live feed at #techfieldday? >>it's good so far!!

09-Apr-10 20:50 | dguyadeen

@Texiwill But not everyone is going to the pub cloud! Vendors have to recognize that eventually. Size this for private use. #techfieldday

09-Apr-10 20:49 | scottdlowe

@Kiwi_Si It is back (for me). #techfieldday

09-Apr-10 20:49 | iCoolen

#EMCionix UIM also provides Bare Metal Provisioning of ESX Servers in the #Vblock #VCE #TechFieldDay

09-Apr-10 20:49 | dguyadeen

RT @Kiwi_Si: We have 40+ views watching @scott_lowe talk about Vblock at #techfieldday Check it out here <http://www.justin.tv/kiwisi>

09-Apr-10 20:49 | storagenerve

RT @scottdlowe: I really like this Vblock concept... I wish it scaled smaller to start. #techfieldday <- +1

09-Apr-10 20:49 | juicelsu009

Anyone else having audio problems with live feed at #techfieldday?

09-Apr-10 20:49 | Kiwi_Si

We have 40+ views watching @scott_lowe talk about Vblock at #techfieldday Check it out here <http://www.justin.tv/kiwisi>

09-Apr-10 20:48 | Kiwi_Si

#TechFieldDay - "UIM actually crashing more frequently than SMC at this point in time"

09-Apr-10 20:48 | BasRaayman

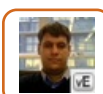

#techfieldday many people like vBlock concept, but want to choose their own components, hw/sw. Sorry, folks.

09-Apr-10 20:48 | chuckhollis

@standaloneSA #techfieldday It will still be large given the desire to sell 'Cloud Capacity'

09-Apr-10 20:47 | Texiwill

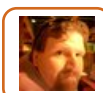

RT @scottdlowe: @storagenerve Oh! So there is a model that costs \$500? :-) #techfieldday <-- vBlock 0.001 maybe.

09-Apr-10 20:46 | ccostan

#EMCionix UIM provides a multi-tenant user interface and Service Catalogs (Gold, Silver Bronze) #TechFieldDay

09-Apr-10 20:46 | dguyadeen

RT @scottdlowe I really like this Vblock concept. I wish it scaled smaller to start - Agreed. 1 enclosure UCS would be great #techfieldday

09-Apr-10 20:45 | standaloneSA

I really like this Vblock concept... I wish it scaled smaller to start. #techfieldday

09-Apr-10 20:43 | scottlowe

@charleshood Well, yes. But would you have target number of VM's (or ranges) for such configs? #TechFieldDay

09-Apr-10 20:43 | BasRaayman

VBlock is a pre packaged sale, may be available to buy readily using your Credit Card soon!!! #techfieldday

09-Apr-10 20:43 | storagenerve

Glad to see out #techfieldday twitter feed is turning into the vendor UN

09-Apr-10 20:42 | omarsultan

@BasRaayman And as the others said, if you run outside of spec you no longer have a vBlock. #TechFieldDay

09-Apr-10 20:42 | BasRaayman

Anyone know if @VKernel has a "license compliance" appliance? It could be really useful in the #VBlock installation #TechFieldDay

09-Apr-10 20:42 | standaloneSA

@HPStorageGuy You would get support, but just wouldn't get the value add "one -top-shop" support that you get with a Vblock #TechFieldDay

09-Apr-10 20:42 | Kiwi_Si

Hey #TechFieldDay folks, why not buy a Dell server, EMC storage from Dell, and Brocade network from Dell? Single support, proven tech!

09-Apr-10 20:41 | charleshood

@HPStorageGuy Correct, if you buy the seperate components, even identically but not as a vBlock, you have no single support. #TechFieldDay

09-Apr-10 20:41 | BasRaayman

@HPStorageGuy Yes... VMware support from VMware, EMC support from EMC, Cisco from Cisco or via single reseller #techfieldday

09-Apr-10 20:41 | scottlowe

@HPStorageGuy Yes, to receive unified support from the vBlock group, you must buy and use a vBlock as defined #TechFieldDay

09-Apr-10 20:41 | davidmdavis

@HPStorageGuy No, just if you alter it to the point that it's outside of the predefined range of values #techfieldday

09-Apr-10 20:40 | standaloneSA

Did @scott_lowe say that if you don't buy the vBlock as predefined you have to get support from the different vendors? #TechFieldDay

09-Apr-10 20:39 | HPStorageGuy

Always enjoy talking #VCE Seamless Support if anyone has questions ->> RT @dguyadeen: you also get a joint support #VCE center #Techfieldday

09-Apr-10 20:38 | chrisemc

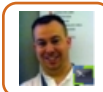

RT @storagenerve: Out of the 2 days, all presentations, @scott_lowe and @edsai are most grilled & most questioned #techfieldday

09-Apr-10 20:38 | davidmdavis

@chuckhollis Is there a discount for Vblock over buying separately? And is there a capital B? #techfieldday

09-Apr-10 20:36 | sfoskett

RT @Kiwi_Si: Watch Scott Lowe talking about Vblock - live now <http://www.justin.tv/kiwisi> #vmware #TechFieldDay

09-Apr-10 20:36 | alanrenouf

RT @sfoskett: This is the most rip-roaring discussion about EMC / VCE vBlock I've ever heard! <http://www.justin.tv/kiwisi> #TechFieldDay

09-Apr-10 20:35 | davidmdavis

you also get a joint support #VCE center #Techfieldday

09-Apr-10 20:35 | dguyadeen

RT @SFoskett: rip-roaring discussion about consolidated IT stacks (Vblock) <http://www.justin.tv/kiwisi> #TechFieldDay <- ain't it great?

09-Apr-10 20:35 | chuckhollis

buying the Vblock components independently actually costs more from an OPEX perspective, i.e stitching them together #Techfieldday

09-Apr-10 20:35 | dguyadeen

RT @storageneve: The Delegates are totally all asking the right questions with VCE - Vblock...#goodquestions #techfieldday

09-Apr-10 20:34 | TechFieldDay

This is the most rip-roaring discussion about consolidated IT stacks (Vblock) I've ever heard! <http://www.justin.tv/kiwisi> #TechFieldDay

09-Apr-10 20:33 | sfoskett

#techfieldday answer: no cost premium for vBlock

09-Apr-10 20:32 | chuckhollis

RT @storageneve: The Delegates are totally all asking the right questions with VCE - Vblock...#goodquestions #techfieldday >>#VCE win!!

09-Apr-10 20:32 | dguyadeen

HTiB isn't always bad, but it isn't always what you want RT @vStewed: #TechFieldDay stream vblock, loved the home theater in a box analogy

09-Apr-10 20:31 | sfoskett

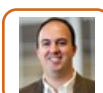

#TechFieldDay Greeeeeeeeeeeeeeeeat discussions !!!

09-Apr-10 20:29 | gabvirtualworld

Peaked at the #TechFieldDay stream, a number of questions are being raised around value of vblock, loved the home theater in a box analogy

09-Apr-10 20:29 | vStewed

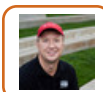

#techfieldday delegates are using a ton of storage and network resources - EMC & Cisco WIN ;)

09-Apr-10 20:25 | stu

@SFoskett This is by far the most active and entertaining session of the #techfieldday streams i've been able to watch.

09-Apr-10 20:23 | iCoolen

I'm out of camera batteries and nearly out of C:\ drive space for video storage. Fortunately we're near the end.
#techfieldday

09-Apr-10 20:19 | jasonboche

Watch Scott Lowe talking about Vblock - live now <http://www.justin.tv/kiwisi> #vmware #TechFieldDay

09-Apr-10 20:16 | Kiwi_Si

RT @iCoolen: Respect for those #TechFieldDay delegates that can keep up typing what @scott_lowe is saying.
<-- Drill Instructor feeling

09-Apr-10 20:16 | gabvirtualworld

RT @Kiwi_Si: Sitting watching @scott_lowe whilst sitting next to @scottdlowe - not the sort of thing that happens everyday :) #TechFieldDay

09-Apr-10 20:15 | davidmdavis

Respect for those #TechFieldDay delegates that can keep up typing what @scott_lowe is saying. Caffeine rush?

09-Apr-10 20:15 | iCoolen

RT @stu: @Texiwill some details on Vblock 0 on @sakacc's blog <http://bit.ly/9faSIR> - NFS/iSCSI #techfieldday

09-Apr-10 20:13 | davidmdavis

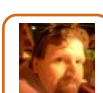

Sitting watching @scott_lowe whilst sitting next to @scottdlowe - not the sort of thing that happens everyday. :)
#TechFieldDay

09-Apr-10 20:13 | Kiwi_Si

@dgourlay EMC's UIM - See this post on the Top 10 vBlock Questions - <http://bit.ly/1lvEYQ> - #TechFieldDay

09-Apr-10 20:12 | davidmdavis

RT @stu: @Texiwill some details on Vblock 0 on @sakacc's blog <http://bit.ly/9faSIR> - NFS/iSCSI #techfieldday

09-Apr-10 20:11 | standaloneSA

RT @stu: @Texiwill some details on Vblock 0 on @sakacc's blog <http://bit.ly/9faSIR> - NFS/iSCSI #techfieldday

09-Apr-10 20:11 | BasRaayman

@Texiwill some details on Vblock 0 on @sakacc's blog <http://bit.ly/9faSIR> - NFS/iSCSI #techfieldday

09-Apr-10 20:10 | stu

@davidmdavis Unified Management across SAN, Network, and Storage... using what Unified UI?
#TechFieldDay

09-Apr-10 20:08 | dgourlay

RT @sfoskett: I think @edsai and @scott_lowe need hugs after having to explain Vblock to the #TechFieldDay crew! <--Hugs

09-Apr-10 20:06 | dgourlay

I think @edsai and @scott_lowe need hugs after having to explain Vblock to the #TechFieldDay crew!

09-Apr-10 20:05 | sfoskett

@dgourlay EMC vBlock offers unified support and unified management of SAN, network, and storage
#TechFieldDay

09-Apr-10 20:05 | davidmdavis

It's easy to forget that VCE Block are a marketing exercise. Making it easier to buy overcomes resistance to change. #TechFieldDay

09-Apr-10 20:00 | etherealmind

Live blogging the VCE/Vblock part of #techfieldday <http://bit.ly/9hv1Rs>

09-Apr-10 19:58 | scottdlowe

RT @Knieriemen: @Scott_lowe - VCE rock star <http://yfrog.com/bhrs5j> <-- Scott rocks....good stuff so far....#techfieldday

09-Apr-10 19:58 | storagenerve

@scott_lowe of EMC is speaking and it's being streamed live at <http://www.justin.tv/kiwisi> #TechFieldDay

09-Apr-10 19:55 | davidmdavis

Great ? from @Knieriemen on how Vblock fits organizationally server/network/storage #techfieldday #VCE

09-Apr-10 19:51 | stu

@Kiwi_Si #techfieldday EMC' is blocking the feed to your new provider. Sigh. Thanks for trying!

09-Apr-10 19:51 | chuckhollis

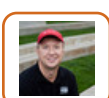

RT @jasonboche: Modded cases meet modded racks. <http://tweetphoto.com/17788203> #techfieldday << should be 100% Black /w red LEDs=K.I.T.T

09-Apr-10 19:51 | lonutN

RT @iCoolen: @Kiwi_Si Video quality is way better, audio still low... :-(#TechFieldDay <-- Audio still low..

09-Apr-10 19:49 | iCoolen

Modded cases meet modded racks. VCE Vblock rocks! <http://tweetphoto.com/17788203> #techfieldday

09-Apr-10 19:47 | jasonboche

RT @gabvirtualworld #TechFieldDay Oh Oh, when @Texiwill starts shaking his head on security, you're in trouble << LOL, this I know ;^)

09-Apr-10 19:47 | bradhedlund

RT @Kiwi_Si: I have had to move the live #TechFieldDay feed - <http://www.justin.tv/kiwisi> Hope this is better - please let me know. Thanks

09-Apr-10 19:47 | BasRaayman

RT @andymcm: following #techfieldday with nice glass of wine in my hand. <- what a great idea!

09-Apr-10 19:47 | chuckhollis

@Kiwi_Si Actually, video quality is so good now, I can read lips :-)) You should stick with this stream provider. #TechFieldDay

09-Apr-10 19:46 | iCoolen

#TechFieldDay - What is a sensible entry point for a vBlock, when should I start using it? To be answered later.

09-Apr-10 19:46 | BasRaayman

RT @Kiwi_Si: I have had to move the live #TechFieldDay feed to <http://www.justin.tv/kiwisi> Hope this is better - please let me know. Thanks

09-Apr-10 19:46 | TechFieldDay

RT @standaloneSA & @chewyfruitloop virtualization doesn't increase mgmt costs if you just pile the work on your existing staff #techfieldday

09-Apr-10 19:41 | bindr

RT @iCoolen: @Kiwi_Si Is it just me, of is audio volume way low? #TechFieldDay<-- volume VERY low, typing sounds loud

09-Apr-10 19:39 | chuckhollis

@bradhedlund #TechFieldDay Would have been a blast for you to be here!

09-Apr-10 19:39 | Texiwill

Now wishing I was on whiteboard duty at #TechFieldDay :(

09-Apr-10 19:37 | bradhedlund

@Kiwi_Si Is it just me, of is audio volume way low? #TechFieldDay

09-Apr-10 19:26 | omarsultan

;-) RT @3parfarley: @johnobeto @SFoskett #TechFieldDay <-- Hey now! , I have your ladder right here, in my garage!

09-Apr-10 19:24 | johnobeto

RT @Kiwi_Si: @scott_lowe is up next at the #TechFieldDay on VCE! Don't miss it - live feed at <http://bit.ly/aoMvh6>

09-Apr-10 19:24 | TechFieldDay

@Texiwill #TechFieldDay is that excluding app and os security dimensions?

09-Apr-10 19:09 | RickVanover

@RickVanover #techfieldday It is also necessary to handle authentication to 3 Roots/Administrators within the environment.

09-Apr-10 19:08 | Texiwill

Did @davidmdavis just mention "Vista"? V-I-S-T-A? Did he mean Windows VISTA? Those are fighting words! #techfieldday

09-Apr-10 19:08 | johnobeto

@Texiwill #TechFieldDay Agreed that availability, integrity and confidentiality have to be in place to be applicable for all security zones.

09-Apr-10 19:07 | RickVanover

RT @davidmdavis: @johnobeto I don't think you want an iPad, it doesn't run Vista :) #techfieldday

09-Apr-10 19:05 | johnobeto

@RickVanover #techfieldday SMT has no 'integrity' within it yet. So it is still an issue.

09-Apr-10 19:05 | Texiwill

@Texiwill #TechFieldDay I don't even know really what I'm virtually picking a fight with you about, it is just fun to do.

09-Apr-10 19:03 | RickVanover

@Texiwill #TechFieldDay I wouldn't call it lack of security, but content appropriate placement (data integrity zone).

09-Apr-10 19:02 | RickVanover

#techfieldday and this post from when the SMT work was first announced: <http://bit.ly/9ZkMJU>

09-Apr-10 19:01 | chuckhollis

@RickVanover #techfieldday Lack of Security could be acceptable, then fine... go forit.

09-Apr-10 19:01 | Texiwill

#techfieldday re: SMT, you might be interested in this: <http://bit.ly/aMgTMV>

09-Apr-10 19:00 | chuckhollis

@johnobeto I don't think you want an iPad, it doesn't run Vista :) #techfieldday

09-Apr-10 18:58 | davidmdavis

The SMT reference design is good, but name needs work. #techfieldday

09-Apr-10 18:56 | scottdlowe

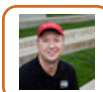

Even the Cisco guys say that it's not secure! #techfieldday

09-Apr-10 18:55 | scottdlowe

@gabvirtualworld #TechFieldDay make sure @Kiwi_Si gets in on camera

09-Apr-10 18:54 | RickVanover

A security discussion breaks out. 1 guess... #techfieldday

09-Apr-10 18:51 | jasonboche

RT @sfoskett: Cisco at #TechFieldDay: Manual rate limiting for virtual I/O isn't QoS

09-Apr-10 18:50 | ioshints

@BasRaayman #techfieldday where is integrity and confidentiality?

09-Apr-10 18:50 | Texiwill

@BasRaayman #techfieldday I agree but its NOT secure it is QoS etc.... Availability

09-Apr-10 18:49 | Texiwill

RT @Texiwill: @BasRaayman #techfieldday of Confidentiality.... <- Yes, and it's an interesting (and loooooong) discussion. :)

09-Apr-10 18:49 | BasRaayman

Cisco at #TechFieldDay: Manual rate limiting for virtual I/O isn't QoS

09-Apr-10 18:49 | sfoskett

@Texiwill @BasRaayman #TechFieldDay Always tough with you :) But, my thought it to compound all of the strategies together + common sense

09-Apr-10 18:48 | RickVanover

@Texiwill @RickVanover There's nothing that will save you from physical access from an SP/IP #TechFieldDay

09-Apr-10 18:48 | BasRaayman

I can do all of this SMT stuff with any server provider, right? "No. Otherwise there wouldn't be a story." UCS implements QoS #techfieldday

09-Apr-10 18:48 | standaloneSA

@BasRaayman #techfieldday of Confidentiality....

09-Apr-10 18:48 | Texiwill

@Texiwill I agree, but this is still a _very_ common scenario. #techfieldday

09-Apr-10 18:47 | BasRaayman

@RickVanover @BasRaayman #TechFieldDay Tokenization does not necessarily work either....

09-Apr-10 18:47 | Texiwill

Cisco is targeting the service provider with SMT of which UCS is a key component. Was UCS developed for this/others/both? #techfieldday

09-Apr-10 18:47 | scottdlowe

@BasRaayman #techfieldday Then this is not secure.... It does not really cover integrity

09-Apr-10 18:46 | Texiwill

@RickVanover #TechFieldDay
http://www.cisco.com/en/US/docs/solutions/Enterprise/Data_Center/Virtualization/secureldg.html

09-Apr-10 18:45 | Texiwill

@BasRaayman #techfieldday Yes but ULTIMATELY they have the same owner, the Company.

09-Apr-10 18:43 | Texiwill

#techfieldday SMT =>if security is not the primary concern then how is it 'secure'. See Virtualization Security Podcast: <http://is.gd/aYXbd>

09-Apr-10 18:42 | Texiwill

#techfieldday -- tenant must be in control of encryption, SW config, underlying IT compliance, auditing, etc.

09-Apr-10 18:42 | chuckhollis

@BasRaayman @Texiwill #TechFieldDay secure via obscure. Primarily encryption and this data goes or that data doesn't go.

09-Apr-10 18:42 | RickVanover

@davidmdavis Et tu, on the IpAD? #techfieldday

09-Apr-10 18:41 | johnobeto

RT @Texiwill: @stu @chuckhollis #techfieldday.... Service Provider access to ALL.... How do you want to secure from this? <- I'll tell you

09-Apr-10 18:40 | chuckhollis

RT @omarsultan: "Tenants" are just different groups--for instance diff departments in same company #techfieldday

09-Apr-10 18:40 | aneel

@Texiwill For example in an SAP system, these are usually defined as being tenants. #techfieldday

09-Apr-10 18:40 | BasRaayman

RT @BasRaayman: #TechFieldDay - @SFoskett, @stu, @omarsultan and @cchaplais at work: <http://tweetphoto.com/17780329>

09-Apr-10 18:39 | sfoskett

@Texiwill So, what if I have multiple departments or groups working inside different client logons on one system? #techfieldday

09-Apr-10 18:39 | BasRaayman

@stu @chuckhollis #techfieldday.... Service Provider has access to ALL.... How do you want to secure from this?

09-Apr-10 18:39 | Texiwill

#TechFieldDay - @SFoskett, @stu, @omarsultan and @cchaplais at work: <http://tweetphoto.com/17780329>

09-Apr-10 18:37 | BasRaayman

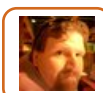

"Tenants" are just different groups--for instance diff departments in same company #techfieldday

09-Apr-10 18:37 | omarsultan

RT @chuckhollis: #techfieldday -- how does SMT model proposed protect tenants from SP? < answ was 1.0, security wasn't main focus, 2.0 adds

09-Apr-10 18:37 | stu

#TechFieldDay NetApp's multistore was key to Cisco being able to develop Secure Multi Tenancy

09-Apr-10 18:37 | standaloneSA

#techfieldday -- how does SMT model proposed protect tenants from SP?

09-Apr-10 18:33 | chuckhollis

RT @Knieriemmen: The #TechFieldDay person that stumps @edsai with most Q's gets a prize @SFoskett <-please behave, ex-delegate coming up soon

09-Apr-10 18:33 | storagenerve

RT @Texiwill: #techfieldday SMT -> Definition of Tenant not what I expected.... <- What did you expect as a tenant?

09-Apr-10 18:32 | BasRaayman

Rumor: The #TechFieldDay person that stumps @edsai with most questions gets a prize from @SFoskett

09-Apr-10 18:31 | Knieriemmen

#techfieldday SMT -> Definition of Tenant not what I expected....

09-Apr-10 18:30 | Texiwill

@valb00 @chuckhollis Now, both of you should go grab a beer and enjoy the #TechFieldDay tweets. Both EMC and NetApp being talked about here.

09-Apr-10 18:27 | BasRaayman

Hey, we're trying to learn here! :) -> RT @sfoskett: Does anyone at #TechFieldDay miss the "scoreboard" on @3parfarley's ladder?

RT @scottdlowe: Cisco getting pushed back a little on how many people are really *using* UCS, but assures us numbers are good #techfieldday

09-Apr-10 18:01 | alphadoggs

Cisco has more than 2,000 working on UCS (dev, sales, engineering, etc.) #techfieldday

09-Apr-10 18:01 | scottdlowe

Somewhere between 1000 and 2000 people dedicated to UCS in Cisco. #TechFieldDay

09-Apr-10 18:00 | etherealmind

Cisco is getting pushed back a little on how many people are really *using* UCS, but assures us that the numbers are good. #techfieldday

09-Apr-10 17:57 | scottdlowe

@Kiwi_Si Aren't you guys at a networking company? (Had to say that given all the flack Cisco gave to HP at the HPBladeDay) #techfieldday

09-Apr-10 17:47 | HPStorageGuy

Having wireless connection issues which is affecting the Cisco session live feed. #TechFieldDay

09-Apr-10 17:44 | Kiwi_Si

@patrick_osborne Your x9000 (IBRIX) demo rocked at #techfieldday. Thanks for taking the time

09-Apr-10 17:44 | johnobeto

RT @patrick_osborne: Thanks to all for coming to HP in Boston today to hear about X9000/IBRIX! #techfieldday rocked

09-Apr-10 17:42 | HPStorageGuy

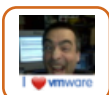

@patrick_osborne Be sure to check us out at the National Association of Broadcasters and BioIT World in the next two weeks! #techfieldday

09-Apr-10 17:41 | petebrey

#TechFieldDay Really great session on Cisco UCS.

09-Apr-10 17:41 | gabvirtualworld

RT @DuncanYB @davidmdavis @scott_lowe @scottdlowe at #TechFieldDay <http://tweetphoto.com/17773531> < They dont even LOOK related...

09-Apr-10 17:41 | dconvery

Thanks to all for coming to HP in Boston today to hear about X9000/IBRIX! #techfieldday rocked

09-Apr-10 17:39 | patrick_osborne

It's definitely not a linked clone RT @davidmdavis: Look, it is @scott_lowe and @scottdlowe at #TechFieldDay <http://tweetphoto.com/17773531>

09-Apr-10 17:38 | DuncanYB

Hypervisor bypass = a virtualized term for things like VMDirectPath. A non-vendor specific term for direct hardware access. #techfieldday

09-Apr-10 17:36 | scottdlowe

Cisco UCS service profiles can be linked to a particular blade OR an enclosure slot.. I can see the potential here... #TechFieldDay

09-Apr-10 17:35 | Kiwi_Si

Cisco UCS service profiles - sound like they provide decent levels of flexibility. Also, being XML files easy to edit. #TechFieldDay

09-Apr-10 17:30 | Kiwi_Si

@Texiwill: #TechFieldDay... New term Hypervisor Bypass for IO <Needed something not vendor specific - VMDP not helpful in Hyper-V shops :)

09-Apr-10 17:30 | omarsultan

#TechFieldDay All that == stateless blade

09-Apr-10 17:30 | Texiwill

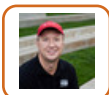

Look, it is @scott_lowe and @scottdlowe at #TechFieldDay! <http://tweetphoto.com/17773531>

09-Apr-10 17:29 | davidmdavis

@johnobeto #TechFieldDay Now compare that to for example an IBM HS22v with 18 DIMM slots.

09-Apr-10 17:28 | BasRaayman

Good amount of technical information in the Cisco preso. Great stuff! #techfieldday

09-Apr-10 17:28 | jasonboche

It's hard to explain the idea of a stateless server in UCS #TechFieldDay

09-Apr-10 17:26 | etherealmind

At the Cisco Executive Briefing Center in Boxborough MA for #TechFieldDay <- Cisco UCS so smartly designed- <http://tweetphoto.com/17772968>

09-Apr-10 17:25 | davidmdavis

Cisco UCS w/ memory extension technology allows for 48 DIMM slots on a 2-socket motherboard. #techfieldday

09-Apr-10 17:23 | johnobeto

#TechFieldDay... New term Hypervisor Bypass for IO.... Ummm VMDirectPath, Intel VT-d....

09-Apr-10 17:23 | Texiwill

@sfoskett #TechFieldDay I'd venture to say now, on small scale, it is cost competitive with fibre channel including port and interface costs

09-Apr-10 17:19 | RickVanover

@markbowker #TechFieldDay Yes, they did but not the CLX integration piece if I recall correctly.

09-Apr-10 17:18 | RickVanover

RT @ccostan @StorageNerve: @johnobeto @gabvirtualworld @davidmdavis @jasonboche @SFoskett @cchaplais <- Follow #TechFieldDay

09-Apr-10 17:17 | davidmdavis

Great #TechFieldDay question from @standaloneSA: When will 10 GbE be cost-competitive with a few 1 GbE connections?

09-Apr-10 17:16 | sfoskett

RT @etherealmind: There it is! The C-word has been said. #TechFieldDay || At 1PM on Friday?! Sheesh... that's 8:15am Monday around my place.

09-Apr-10 17:09 | WannabeCCIE

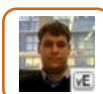

For those asking about the EVA, here's a session from #HPStorageDay last week: <http://bit.ly/aIME6u> #TechFieldDay

09-Apr-10 16:58 | HPStorageGuy

#TechFieldDay Less tweets equals more interesting presentation :-)

09-Apr-10 16:55 | gabvirtualworld

RT @standaloneSA: #techfieldday #Cisco -Virtualization ... increases management cost <- Heard that @VKernel as well.

09-Apr-10 16:55 | ccostan

#techfieldday #Cisco - Virtualization lowers cost of power/cooling, but increases management cost, already the largest expense

09-Apr-10 16:51 | standaloneSA

Adding layer after layer of management tools to manage existing systems increases costs and complexity. #techfieldday

09-Apr-10 16:50 | scottdlowe

09-Apr-10 16:18 | scottdlowe

I just met the other @scott_lowe. The anticipated paradox did not ensue. #techfieldday

09-Apr-10 16:17 | scottdlowe

RT @RickVanover: @Kiwi_Si #TechFieldDay they also showed SCVMM Hyper-V integration....<- did they include ESX and physical?

09-Apr-10 16:12 | markbowker

#TechFieldDay (@ Cisco Systems - Building 500) <http://4sq.com/9GF7UD>

09-Apr-10 16:10 | ccostan

RT @sfoskett: Check out @Storagezilla's awesome virtual #TechFieldDay appearance - caught on tape!
<http://bit.ly/cn0afE> <-- too funny!

09-Apr-10 15:20 | chuckhollis

@Kiwi_Si #TechFieldDay they also showed SCVMM Hyper-V integration....

09-Apr-10 15:18 | RickVanover

#techfieldday -it's very hard to tread that line of showing stuff that is close but not out. Was working on it until 5min before presenting.

09-Apr-10 15:17 | sakacc

@Knieriemen #TechFieldDay So, you have to take those comments with perspective. Leading one stat makes others fall in.

09-Apr-10 15:17 | RickVanover

@Knieriemen #TechFieldDay "HP is the largest reseller of VMware" -> HP is the largest reseller of a lot due to server market share.

09-Apr-10 15:16 | RickVanover

RT @standaloneSA: at HP's appearance at Tech Field Day...they need to be more forthcoming #techfieldday <very hard. pulled teeth to demo.

09-Apr-10 15:16 | sakacc

@standaloneSA #TechFieldDay True. It's tough act between NDA, embargo and competitive space. They know everything said at TFD is fair game!

09-Apr-10 15:13 | RickVanover

Still, the #lbrix stuff from #HP sounds (and looks) pretty sweet. #techfieldday

09-Apr-10 15:12 | standaloneSA

Overall impression from everyone at HP's appearance at Tech Field Day appears to be that they need to be more forthcoming #techfieldday

09-Apr-10 15:11 | standaloneSA

RT @RickVanover #TechFieldDay Agree, I'm sure they're working on that red thread but they perhaps need to give a few teasers of substance

09-Apr-10 15:07 | Kiwi_Si

@StorageNerve #TechFieldDay yes, that is my issue as well -> Point solutions vs. over-arching strategy. But, it will get better I believe.

09-Apr-10 15:06 | RickVanover

@stu I guess you'll have to wait some more. They'r still at it at HP's #techfieldday

09-Apr-10 15:05 | iCoolen

@Kiwi_Si #TechFieldDay Re products across the space, yes, where's the red thread between them

09-Apr-10 15:03 | RickVanover

<http://twitpic.com/1earq7> - At Cisco's Boxboro Briefing Center w/ host @omarsultan awaiting the #techfieldday crew

09-Apr-10 15:02 | stu

@gabvirtualworld So why are we watching #TechFieldDay over a webcam ?? We could have an HD stream :-)
(Just Kidding)

09-Apr-10 15:01 | iCoolen

Looking forward to Cisco session with @edsai at the #techfieldday - great guy and well worth following!

09-Apr-10 14:54 | Kiwi_Si

@storagenerve Yes, we test interoperability across a range of platforms and configurations. #techfieldday

09-Apr-10 14:53 | petebrey

@3parfarley @chrismevans The statement was also in reference to data moving between tiers. Not necessarily isolated workloads. #TechFieldDay

09-Apr-10 14:53 | ccostan

HP's interoperability lab is very, very cool. #techfieldday

09-Apr-10 14:50 | scottdlowe

3par and Clariion equipment found in the HP Ibrix labs, and they were being used... #techfieldday

09-Apr-10 14:50 | storagenerve

#TechFieldDay this one is for @DellServerGeek <http://tweetphoto.com/17756690>

09-Apr-10 14:49 | gabvirtualworld

Someone blocked me from using the cradlepoint at #techfieldday, people don't want me to tweet...#payattention

09-Apr-10 14:48 | storagenerve

@zaxstor It's kinda like Tom said....customers are looking for simple storage. They want scale in a simplified package. #techfieldday

09-Apr-10 14:48 | petebrey

The video stream from HP #StorageWorks by @kiwi_si is live again <http://bit.ly/d14RG7> #TechFieldDay

09-Apr-10 14:47 | HPStorageGuy

We just had a cool time at the StorageWorks x9000 working lab. Guess what? I saw a VAX 6000! #techfieldday

09-Apr-10 14:46 | johnobeto

#TechFieldDay Back from seeing some very cool cable management.... and the IBRIX was cool too!

09-Apr-10 14:46 | Texiwill

Now streaming live from HP at the #TechFieldDay <http://bit.ly/aoMvh6>

09-Apr-10 14:46 | Kiwi_Si

@SFoskett - Did I hear your going to have karaoke now? Go Stephen. Jenny, Jenny who do I turn to #TechFieldDay

09-Apr-10 14:45 | HPStorageGuy

@zaxstor It is actually software. Runs on DL380-G6 and MSA2K and it's just stacked with software. #TechFieldDay

09-Apr-10 14:45 | BasRaayman

@Kiwi_si Yea! The #TechFieldDay stream is back online.

09-Apr-10 14:44 | RickVanover

RT @HPStorageGuy: Live video steam of #TechFieldDay session now with HP talking details of X9000 (IBRIX) <http://bit.ly/d14RG7>

09-Apr-10 14:34 | AlmaceneConHP

They are touring the X9000 lab for a bit; @kiwi_si 's live stream will continue when they come back. <http://bit.ly/d14RG7> #TechFieldDay

09-Apr-10 14:31 | HPStorageGuy

Great live blog on HP's storage strategy as unveiled at #techfieldday by @scottdlowe <http://bit.ly/czyVri>

09-Apr-10 13:55 | Jakewk

HP's Patrick Osborne is putting some real tech meat on the bones of HP's Ibrix storage story - they're lucky to have him for #TechFieldDay

09-Apr-10 13:53 | sfoskett

Patrick Osborne is revealing the secrets of the IBRIX decoder ring #techfieldday

09-Apr-10 13:53 | johnobeto

Attending #TechFieldDay if you aren't at #TechFieldDay (vinf.net) <http://bit.ly/dg8gsi>

09-Apr-10 13:52 | PlanetV12n

My colleague @PeteBrey is in the room at the #TechFieldDay. He's the X9000 product manager. Follow him!

09-Apr-10 13:51 | HPStorageGuy

RT @StorageNerve: IBRIX deepdive #techfieldday, 16PB scalable.... <<- 16 PB w/o DIF is an integrity problem in spades..pair it w/DIF target

09-Apr-10 13:51 | peglarr

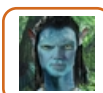

Photos from yesterday's #TechFieldDay Boston EMC presentation <http://bit.ly/cg3ph5>

09-Apr-10 13:51 | TechFieldDay

@stephenodonnell I just used that this morning on the bus to HP to act as a hotspot for the #TechFieldDay folks.

09-Apr-10 13:50 | BasRaayman

@ctrygstad no, something that came out of the #techfieldday hype-o-rama today at HP.

09-Apr-10 13:49 | 3parfarley

The HP x9000: 1.3 petabytes in one unit, in 1.5 racks #techfieldday

09-Apr-10 13:39 | johnobeto

HP's vision around IBRIX & 'Dedupe 2.0' sounds a lot like the vision NEC went for w/ HYDRAsstor. Difference? GTM capability... #techfieldday

09-Apr-10 13:39 | Jakewk

RT @Kiwi_Si: @sakacc It looks like HP may have found one of your 'decoder rings'. ;) #TechFieldDay <lol - someone take a picture :-)

09-Apr-10 13:38 | sakacc

RT @BasRaayman: #TechFieldDay - Dedupe 1.0 is deduping on 3 different layers (client, server, in-line). 2.0 is 1 tech for all of that

09-Apr-10 13:38 | Jakewk

#TechFieldDay. How does IBRIX compare to SOFS/SONAS according to HP??

09-Apr-10 13:37 | iCoolen

@sakacc It looks like HP may have found one of your 'decoder rings'. ;) #TechFieldDay

09-Apr-10 13:37 | Kiwi_Si

RT @standaloneSA: D2D backup and deduplication will be exciting - HP going from dedupe 1.0 to dedupe 2.0 #techfieldday <About time.

09-Apr-10 13:36 | CloudStrategies

RT @StorageNerve: HP products OEM'ed <--- MSA = Dot Hill, SVSP = LSI and XP = Hitachi #techfieldday < interesting!

09-Apr-10 13:36 | amerchebaro

@GaryEimerman Re: HP Slate #techfieldday Seems to be an iPad crowd! :)

09-Apr-10 13:36 | ccostan

#TechFieldDay - Somehow VMware/EMC and HP have their own decoder rings... @sakacc did you talk to HP about that?

09-Apr-10 13:36 | BasRaayman

HP IBRIX deep dive session with HP's Patrick Osbourne - live steaming now. #TechFieldDay <http://bit.ly/aoMvh6>

09-Apr-10 13:36 | Kiwi_Si

RT @BasRaayman: RT @alextangent: #TechFieldDay "Prior 2 IBRIX acq, HP no rel/shp to LHN"<- who is "we"? <- HP<- LHN bought Oct2008! What???

09-Apr-10 13:36 | alextangent

RT @Kiwi_Si: All HP Storage will be geared to work with virtualization moving forward. #TechFieldDay

09-Apr-10 13:36 | CloudStrategies

#TechFieldDay Wow HP even copied the @sakacc decoder ring :-)

09-Apr-10 13:36 | gabvirtualworld

#TechFieldDay, take the cam with you during the tour thru the lab pls.

09-Apr-10 13:35 | iCoolen

RT @sakacc: RT @gabvirtualworld: HP is biggest storage provider in iSCSI land #TEchFieldDay <-I thought that was Dell/EQL.

09-Apr-10 13:33 | aneel

I generally like HP products (huge Procurve fan), but am a little disappointed in today's presentation. Give more details! #techfieldday

09-Apr-10 13:32 | scottdlowe

RT @sakacc: RT @gabvirtualworld: HP is biggest storage provider in iSCSI land #TEchFieldDay <-I thought that was Dell/EQL.<- IDC says Dell

09-Apr-10 13:32 | alextangent

@scottdlowe I sure this isn't a focus for #techfieldday but tell hp I want timing and a demo of the slate :-)

09-Apr-10 13:32 | GaryEimerman

RT @ccostan: Lots of Virt mentions @HP hoping to hear real cases & examples of integration similar to @sakacc's Preso. #TechFieldDay <thx!

09-Apr-10 13:32 | sakacc

RT @sakacc: RT @gabvirtualworld: HP is biggest storage provider in iSCSI land #TEchFieldDay <-I thought that was Dell/EQL.

09-Apr-10 13:32 | Kiwi_Si

@Scottdlowe @alextangent #TechFieldDay HP says it's not dead, but the other features need to roll in to prove otherwise.

09-Apr-10 13:31 | RickVanover

@storagebod @RickVanover #TechFieldDay @dvellante Use of industry standard components extremely important Still.

09-Apr-10 13:31 | Texiwill

RT @gabvirtualworld: HP is biggest storage provider in iSCSI land #TEchFieldDay <-I thought that was Dell/EQL.

09-Apr-10 13:31 | sakacc

RT @BasRaayman: #TechFieldDay - "Prior to the IBRIX acquisition, we had no relationship to lefthand"<- who is "we"?

09-Apr-10 13:30 | alextangent

"Shit happens" with hardware, according to Milan Shetti. Data rebalancing is about moving data round without losing access #techfieldday

09-Apr-10 13:29 | standaloneSA

RT @StorageNerve: Latest Storage acquisitions of HP ... Polyserv #techfieldday <- dead parrot, surely. ibrix kills?

09-Apr-10 13:29 | alextangent

#TechFieldDay - "Prior to the IBRIX acquisition, we had no relationship to lefthand"

09-Apr-10 13:29 | BasRaayman

Is the Pink, new #convergence, #techfieldday....

09-Apr-10 13:28 | storagenerve

RT @Kiwi_Si: HP Presentation with HP's Milan Shetti (IBRIX) - streaming live from the #TechFieldDay <http://bit.ly/aoMvh6>

09-Apr-10 13:28 | gabvirtualworld

RT @scottdlowe: Very vague buzzwords from Tom at HP re: "dedupe 2.0". "More to follow" #techfieldday <- big mistake, missed opportunity

09-Apr-10 13:26 | Knieriemen

RT @Kiwi_Si: HP Presentation with HP's Milan Shetti (IBRIX) - streaming live from the #TechFieldDay <http://bit.ly/aoMvh6>

09-Apr-10 13:26 | gklooste

RT @Knieriemen: ouch... rough crowd... Tom Joyce at HP is getting feedback on lack of real info #techfieldday <when mktrs & analysts collide

09-Apr-10 13:25 | Jakewk

RT @storagenerve: HP products OEM'ed <--- MSA = Dot Hill, SVSP = LSI and XP = Hitachi #techfieldday

09-Apr-10 13:25 | unixplayer

RT @iCoolen: 15 viewers watching the #TechFieldDay feed <http://bit.ly/aoMvh6> <- correct that. now 16 viewers.

09-Apr-10 13:25 | iCoolen

Latest Storage acquisitions of HP are IBRIX = X9000, Lefthand = P4000, 3Com = hopefully procure C Series, and Polyserv #techfieldday

09-Apr-10 13:25 | storagenerve

15 viewers watching the #TechFieldDay feed <http://bit.ly/aoMvh6>

09-Apr-10 13:24 | iCoolen

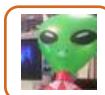

RT @dvellante: RT @gabvirtualworld: Tom Joyce (HP): The EVA is not dead !!! Could have fooled us :-)
#TechFieldDay <-morphs into P4000?

09-Apr-10 13:24 | alextangent

@scottdlowe #TechFieldDay Ironically, some channel partners say that EVA is dead in favor of other (non-HP) products. Re-education anyone?

09-Apr-10 13:24 | RickVanover

RT @Kiwi_Si: HP Presentation with HP's Milan Shetti (IBRIX) - streaming live from the #TechFieldDay <http://bit.ly/aoMvh6>

09-Apr-10 13:24 | unixplayer

@Texiwill #TechFieldDay Tough call to make as they are big in a lot of places. Need the red line threading it all together.

09-Apr-10 13:24 | RickVanover

#TechFieldDay - IBRIX was a software only product designed to solve scale-out issues

09-Apr-10 13:24 | BasRaayman

RT @BasRaayman: RT @StorageNerve: #techfieldday #FF, @johnobeto @gabvirtualworld @davidmdavis @jasonboche @SFoskett @cchaplais <-all you guys rock! <-Agree!
